PROGRAMS AND INITIATIVES
A Database for CHW Leaders, State and Local Government Practitioners, Employers and Payers. This is the nation’s largest searchable collection of documents on policies around CHWs (mainly on the state level). Documents include: reports, policy studies, meeting minutes, brochures, state legislative bills and other materials that show how state-level groups have created definitions, policies and workforce development programs for CHWs.

The CHW Document Resource Center was developed in collaboration with National Association of Chronic Disease Directors (NACDD) and the Centers for Disease Control Division of Chronic Disease Prevention and Health Promotion.
This document is an important tool to promote national professional identity, leadership and capacity of CHWs and our Associations.

This document was created over the past year of town hall calls with over 30 CHW Associations, 3 national CHW polls, numerous partner meetings, member input on the Biden administration's national plan to Build Back Better and in consultation with many of you. It centers many of the policies and best practices that are already nationally endorsed within our field and can be applied to COVID-19 response efforts as well as long term policy development.

The American Diabetes Association (ADA) with support from VSP® Vision Care and Regeneron Pharmaceuticals Inc. has launched the Focus on Diabetes™ (FOD) initiative to focus on the crucial role annual comprehensive eye exams play in the early detection, intervention, and prevention of eye disease and vision loss caused by diabetes.

As part of Focus on Diabetes, the ADA has partnered with NACHW to create a resource training on diabetes and how it relates to eye health.

On May 10th, 2022, NACHW partnered with the ADA to present a webinar on our partnership and to celebrate Healthy Vision Month. On August 30th, 2022, NACHW and the American Diabetes Association held a Roundtable for Community Health Workers Working to Prevent and Manage Diabetes and Eye Health.
DATA FOR ACTION: NACHW NATIONAL CHW SURVEY SUMMIT SERIES

NACHW invites CHWs and allies to take part in engaging with the National CHW Survey findings during the months of September and October: Data for Action: NACHW National CHW Survey to Advance CHW Professional Identity, Leadership and Capacity (4-Part Series)

As part of the Johnson & Johnson Our Race to Health Equity initiative to eradicate racial and social injustice, this engaging 4-part series will center findings from the National survey launched in 2021 with a snapshot of 867 CHWs represented across each CHW title, region, sector, race/ethnicity identities, and values. The series will strengthen our call to action to unify, gain and build recognition of the CHW professional identity, and advance our leadership.

ACCESS TO COVID-19 HOME RAPID TESTS

In partnership with over 10 national organizations and in coordination with the Biden Administration White House, NACHW co-created a national campaign to engage community-based healthcare workers in accessing at-home rapid COVID-19 test kits from www.covidtests.gov.

The campaign included 4 days of townhall style meetings, communications toolkits, resources in 5 languages, a survey of COVID-19 related needs, and a new webpage with zip code filters prioritizing highly vulnerable communities. The efforts led to over 630,000 orders placed and 1.2 million website visitors in the span of two days.
